EUROPE WANTS WILSON AT PEACE CONFERENCE.
President's Advisers Oppose Accepting Invitation; Lansing to Handle Bulk of Heavy Tasks.

WASHINGTON, Nov. 13.—President Wilson was said today to have given no indication as to how he regards the suggestion from high sources in Europe that he attend the great conference which is to re-establish the peace of a war-torn world.

Most of the President's advisers, however, are understood to consider that acceptance of the invitations would involve needless risk and would serve no purpose that could not be accomplished through the delegates who will be appointed to represent the American government and who will be in constant communication with Washington.

Should the President decide to attend the conference—and some of those usually well informed say he has an open mind on the subject—that fact would not mean, in the belief here, that Secretary Lansing would not be a member of the American delegation. It was said that Mr. Lansing would fall much of the weight of the heavy tasks connected with American participation in the conference, not only by virtue of his high rank but also because of his wide experience in other international conferences and arbitrations.

The proposal of Dr. Solf, the German Foreign Secretary, for a preliminary peace conference, had not reached Washington in official form tonight, but it is understood that there is little probability of its acceptance. Such a conference is regarded here as unnecessary and as likely to uselessly complicate the work of the general conference when it is held.

Ostensibly Dr. Solf's proposal is based upon the urgent need of Germany for food and other supplies, but it is pointed out that these conditions will be dealt with by the United States and the Allies in advance of the peace conference under the general pledges contained in the armistice and given by the Supreme War Council at Versailles.

Further assurance on this subject is given the German government by Secretary Lansing, who, in a note handed today to the Swiss Minister in reply to one from Friedrich Ebert, the German Chancellor, said the President is ready to consider favorably the supplying of foodstuffs to Germany and to later on to consider the supply of other necessities.

Assurances that public order will be maintained in Germany and an equitable distribution of the food is guaranteed.

GERMAN PURPOSE.
In some quarters here it is suspected that Dr. Solf's real purpose is to bring about a preliminary peace conference at Versailles, which would dispose of political matters, such as the future of the German colonies, before the general conference of the great powers and the nations with which they had been at war.

In the hope of securing able help in the peace conference, the German government has been endeavoring to secure the support of the nations with which they had been at war.

All of the old treaties of amity and commerce under which international trade have been conducted between the warring nations automatically have been annulled by the war and it will be necessary to provide a whole new fabric of trade treaties.

The peace conference may signify its own ideas as to how these shall be framed, but it will remain for the individual nations to give their ideas concrete form in special treaties.

The supreme war council in Versailles did more than consider the subject of armistices, and it is now expected that the peace conference will deal with the subject of armistices, and it is now expected that the peace conference will deal with the subject of armistices.

Therefore, when the peace conference meets it will find before it a fairly well-digested program for the conduct of its business, calculated to keep the sessions well within bounds, not only in the matter of expenditure of time, but also in the range of subjects to be discussed.

Owing to the number of questions to be considered and the amount of original investigation required to be made, it is expected that the conference will be a long one.

It is expected that the conference will be a long one, and it is expected that the conference will be a long one.

TURKS IN DISGUISE ATTACK ARMENIANS
ATLANTIC CABLE—EXCLUSIVE DISPATCH.

AMSTERDAM, Nov. 13.—The German Socialist revolution may be said to be complete. In a few hours on Saturday the movement captured Berlin completely, and events in the capital were of such an extraordinary nature that the news of the Kaiser's abdication was relegated to a secondary place.

In seven hours, to be exact, the capital of Germany capitulated to the revolutionists. Certainly the most astounding feature of the revolution was the fact that this event took place almost without bloodshed, the casualties being reported as four killed and two wounded.

The taking possession of Berlin began at 9 o'clock in the morning. At that hour a general strike was started, and shortly afterward thousands of soldiers, carrying red flags and accompanied by armed motor cars, began to pour into the center of the city from the outskirts. With them came workers from outlying factories.

A little later trains began to arrive, bringing 3000 sailors from Kiel. They were received in the streets with the utmost enthusiasm, and, acting under the orders of the newly formed Council of Workers and Soldiers, they broke up into detachments and occupied many important parts of the city, such as bridges, public buildings, street corners, etc.

On the streets a special edition of Vorwarts was being distributed with the following appeal: "The Workers' and Soldiers' Council of Berlin has decided on a general strike. All workers are idle. The food-supply organization remains intact. The greater part of the garrison, together with machine-gun sections and artillery, have placed themselves under the orders of the Workers' and Soldiers' Council. The movement is directed by the German Social-Democratic party and the Independent Social-Democratic party. The Workers' and Soldiers' Council will preserve order and tranquility. Long live the Socialist republic of the Workers' and Soldiers' Council."

The streets presented an extraordinary appearance. Almost by magic red flags appeared everywhere, and in every case the red flags and banners were carried by the workers and soldiers. The soldiers were dressed in their uniforms and were carrying their rifles. The workers were dressed in their everyday clothes and were carrying their tools.

Forward mid-day a strong mixed force of soldiers and sailors marched along the Wilhelmstrasse and took possession, one after another, of the government buildings in that world-famous thoroughfare.

HOLD DEMONSTRATION.
In front of the Reichstag building a great demonstration was held. It was addressed by Scheideemann, who had a tremendous reception.

"The Kaiser has abdicated," he shouted. "The dynasty has fallen. It is a great and honorable victory for the German people. I, Ebert, have received the task of forming a new government, in which both sections of the Socialist party will take part. Orders by the government are only valid when signed by me. I am Ebert, president of the Reichstag. I am Ebert, president of the Reichstag. I am Ebert, president of the Reichstag."

Three events created enormous interest among the crowds. First, was the hoisting of the red flag on the Reichstag building. Second, was the hoisting of the red flag on the Reichstag building. Third, was the hoisting of the red flag on the Reichstag building.

The cheers were renewed when the happy idea was carried out of displaying the red flag at the window of the Reichstag building. Through which the Kaiser came to address the crowd on the historic occasion at the beginning of the war in August, 1914.

SEIZE WOLFF AGENCY.
A little later a force of soldiers proceeded down the Friedrichstrasse, turned into the Zimmerstrasse and stopped before the office of the Wolff agency. A number of the force entered the building and took possession of it. Two

army men on this side do not know its location.

The Germans reluctantly abandoned their efforts to continue fraternalization where the lines still were in proximity, but threats to the American line practically stopped their visits.

activity of the supply trains continued today and the troops mobilized at the front settled down to their routine duty. There was an increasing number of leaves of absence, however, and the towns in the rear where troops are stationed were gay as at any time since the beginning of the war. The celebration that began Monday night gathered momentum instead of showing signs of abating.

TRIAL OF WAR RULERS ASKED.
ATLANTIC CABLE AND A. P.

PARIS, Nov. 13.—(Havas.) Several members of the Chamber of Deputies today proposed in the chamber a resolution requesting the government to enter into an agreement with the other Allied governments for the trial of all former rulers who were responsible for the great European war. Under the resolution the extradition of the rulers would be requested, no matter in what country they have taken refuge.

AMSTERDAM, Nov. 13.—(By the Associated Press.) Independent Social Democrats in the new government have demanded the arrest of Admiral Von Tirpitz, former Minister of the Navy; Maj.-Gen. Keim, president of the German Army League; Dr. Wolfgang Kapp, president of the Fatherland party; Admiral Von Holtzendorff, former Chief of the Naval General Staff, and others and the establishment of a tribunal to try all persons primarily responsible for the continuation of the war and hindering peace.

This information is contained in a Berlin dispatch to the Telegraph.

LEAGUE OF NATIONS FAVORED BY CECIL.
BRITISH FOREIGN SECRETARY SAYS WORLD'S FUTURE RESTS WITH ALLIES.

LONDON, Nov. 13.—(British Wireless Service.) Lord Robert Cecil, Assistant Secretary of Foreign Affairs, in an address yesterday on the subject of a league of nations, declared that the Allies had in their hands the political future of the entire world. On their decisions, he added, might depend the peace and happiness of many generations. The most glorious victory, he continued, would scarcely be distinguishable from defeat, unless by it there were laid the foundations of a lasting peace.

The suggested league of nations, said Lord Robert, should not be restricted to a certain group of nations, but be open to every nation which could be trusted by its fellows. It would be incomplete and proportionately ineffective unless every civilized nation joined in it.

Lord Robert said the machinery to enforce the principles was the real problem. He thought, however, that all that would be necessary would be a treaty binding the signatories never themselves to wage war or permit others to wage war until a formal conference of nations had been held to inquire into and if possible decide upon the dispute.

GASOLINE AFTER SIX CAN NOW BE BOUGHT.
ATLANTIC CABLE AND A. P.

SAN FRANCISCO, Nov. 13.—On account of the cancellation of calls for drafted men, the order requiring gas stations to close their pumps at 6 p. m. has been rescinded, according to an announcement by Prof. David M. Folsom, Federal Fuel Oil Administrator for the Pacific Coast, here today. The order was issued six weeks ago to release men from these establishments for the army and other war work.

PRUSSIAN MILITARISM IS DEAD.
ATLANTIC CABLE—EXCLUSIVE DISPATCH.

BERNE (Switzerland) Nov. 13. (delayed.) Messages from Berlin, Frankfurt, Hamburg, Munich, Cologne and other German centers are arriving here hourly uncensored. All show that the German people have taken the reins in their own hands.

The soldiers, sailors and workers are forming councils everywhere, and whole regiments in Berlin and elsewhere are joining the revolutionary movement. Prussian militarism is assuredly dead forever.

In Switzerland, where the Bolsheviks had created a propaganda headquarters, with their own printing works, they have been expelled by the government and the printing works confiscated. This action was taken only a few days ago.

Travel-stained soldiers and sailors slept close to stacked rifles, or sat in luxurious arm chairs, surrounded by chunks of army bread. Every inch of the floor space of the big gilded dome building was devoted to some phase of the Revolutionary Organization Committee. The rooms in which formerly reactionary campaigns were planned were similarly employed.

There have been no clashes between civilians and red guards. The armed conflicts have been confined to the revolutionary army and officers in concealment, assisted, it is said, by cadets and Boy Scouts.

The new government strained every nerve to organize public utilities, and in this matter no complications were anticipated. Incoming trains Sunday continued to debark large detachments of soldiers, sailors and bourgeois. Parliamentary leaders were still absent.

EX-CROWN PRINCE AT FRONT.
ATLANTIC CABLE AND A. P.

COPENHAGEN, Nov. 13.—The former German Crown Prince is with his troops at the front, according to a dispatch from the semi-official Wolff Bureau of Berlin received here.

BERNE, Nov. 13.—(Havas.) Wolff Bureau dispatches from Berlin declare that order appears to rule everywhere in Germany, and that acts of anarchy have ceased. The majorities and minorities have divided the authority between them, but the minorities have been relegated to second place. It appears the majorities are charged with preparing the organization of a German republic.

Expulsion from Berne of a Bolshevik diplomatic mission was carried out in the presence of an international force.

LONDON, Nov. 13.—Five German submarines arrived at Lanchester, Southern Sweden, Wednesday, and requested the naval authorities to intern them, according to a dispatch to the Exchange Telegraph from Copenhagen. The submarine commanders said they did not dare return to Germany.

BASEL, Nov. 13.—A dispatch from Berlin says Grand Duke William Ernst of Saxe-Weimar has abdicated in order to prevent civil war. The dispatch adds that republicans have been proclaimed in Wurtemberg and Heese.

The new government in Baden has been constituted at Lanchester, Southern Sweden, and has a deputy of the Socialist, Jais.

(The former Grand Duke William Ernst is 42 years old. Saxe-Weimar is in Central Germany. Among the important towns in the grand duchy are Weimar, which is the capital, and Jena, the famous university town.)

Sugar Allowance Increased and Wheat Flour Substitutes Withdrawn by the Government

WHITE BREAD IS AGAIN ALLOWED

Restrictions Removed by Food Administration

Continued Conservation Urged Upon Householders.

Federal Corporation to Buy Coarse Grain Supply.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 13.—Increase in the best sugar-producing states and in the cane-growing territory of Louisiana of the household sugar allotments from three pounds to four pounds monthly per capita was ordered today by the Food Administration, effective next December 1. At the same time public eating places in these sections will be permitted to increase their consumption from three pounds to four pounds for every ninety meals served.

For the remainder of the country, it was stated, the allotment of three pounds monthly per capita for households and three pounds per ninety meals for public eating places will be continued for the present at least.

The increase for sugar-producing states was granted, the Food Administration announced, because of the lack of cargo space for overseas shipment together with insufficient storage facilities in this country.

Substitutes Withdrawn.

Regulations requiring householders and bakers to purchase 20 percent of substitutes with each purchase of wheat flour were withdrawn today by the Food Administration, effective immediately.

Substitutes already purchased for which millers, dealers or bakers do not find a ready sale, will be purchased by the Grain Corporation of the Food Administration under plans now being formulated. The coarser grains being used as flour substitutes will be placed on the market as animal feeds, of which there is a shortage.

Although wheat bread may now appear on the American table without restriction, the Food Administration announced it will continue to advocate conservation in the use of flour.

The relaxation of wheat regulations, which have been in effect in various forms since last January 28, was ascribed directly in a statement issued by the Food Administration tonight to the military armistice. It was pointed out that the Mediterranean Sea is now safe for commercial transport and the European nations can draw wheat from the large wheat supplies in India and Australia. With cargo ships released from military service, it was said, it also will be possible to tap accumulated supplies in the Argentine.

AGRICULTURAL PLANS.

Measures to promote close agricultural co-operation between the United States, England, France, Italy and Belgium during peace reconstruction were announced today.

Government Losses in Raincoat Fraud Case.

(BY A. P. NIGHT WIRE.)

NEW YORK, Nov. 13.—The C. Keston Company and six individual defendants were acquitted by a jury in Federal court here tonight on charges of conspiracy to defraud the government in the manufacture of raincoats for the United States army after returning its verdict.

We give prominence to the above telegram printed in the daily papers in an obscure position.

Our reason for so doing is to offset the prominence given these charges when first published.

We know Mr. Kenyon, and others of these men, and have never lost our faith in them—believing as we did that these charges were grossly exaggerated.

We have rain coats that will stand all government tests and inspectors.

SPINNING TOP NOW TROOPS' DIVERSION.

(BY A. P. NIGHT WIRE.)

NEW YORK, Nov. 13.—The victorious American soldiers across the seas will now "spin the top" instead of going "over the top." The boyhood game has become popular among the soldiers and the Kaibabs of Columbia announced today that 100,000 tops have been sent to France.

The overseas secretaries of the organization have been supplied with overall, it was stated, as work during the reconstruction period frequently will require their use.

struction are under consideration by these nations. To work out effective plans, an international congress of agricultural leaders, including belligerent and neutral nations, may be held with the peace conference. The general idea under discussion contemplates assigning to each country, or geographical district, a particular kind of food production which it can do best, and to eliminate the theory that each nation should be self-sufficient in the production of all the food and other agricultural materials it needs. This would be similar to the international pool of oil, sugar, cotton and raw materials supply.

Regardless of the success of this proposed plan, it is certain that tremendous assistance will be needed from the United States immediately for agricultural reconstruction of Belgium and Northern France. President Wilson, Food Administrator Hoover and Secretary Houston now have these questions under consideration.

RAILWAYS AID ASKED.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Nov. 13.—Chairman Edward N. Hurley of the United States Shipping Board, has requested that highways transport committee workers of the country get back of the monumental peacetime task involved in the transportation of foodstuffs destined for overseas from the farm door down to the seaport.

The request has been transmitted to L. A. Nares of Fresno, regional chairman of the Highways Transport Committee, comprising the States of California, Nevada and Arizona.

This request of Chairman Hurley is based on the fact that food must start to flow quickly from every section of the country if the hungry of Europe are to be fed and that efficiency in highways transport of every character is vital if such supplies are to reach the points of destination.

To this end, Chairman Nares will immediately inaugurate an intensive campaign throughout the States in this area to the end that highways transport be speeded up and made as nearly as possible 100 percent efficient. It is being connected link between the agricultural regions of this country and the maritime of today and tomorrow.

HURLEY'S LETTER.

The letter of Chairman Hurley which has been transmitted to Chairman Nares is as follows:

"Our merchant marine of today and tomorrow will carry a message of good will to the nations of the world. Millions of cruelly starved folk have been waiting for ever since the war broke out for the promise of America. These men are fed, then clothed, and also supplied with the other necessities of life. Our great privilege is now to restore life, strength and hope to these martyred brothers of 100 tongues."

"Highways transport facilities at the farmer's gate, and at every farmer's gate, must immediately speed the initial phase of overseas distribution; must make a picture in the farmer's mind of the movement of the production of his soil and labor from his own gate through to the distant points of the world; to Europe, to Algeria, to Athens and the Orient."

"The highways transport service is the first step in the great system of transportation to the sea and then on the merchant marine to the far points of the world."

FOOD MUST MOVE.

"Food must move from every hill, through every valley of the great country behind our shores down to the shipping points before we can start our ships from the ports and fulfill our duty; and the promise of the war's end before us, the highways transport Committees throughout this land could and should render a peace-time service by stimulating highways transport of nourishment and supplies so badly needed. Routes and channels from shipping points must be opened up and efficiently maintained and our merchant marine must be built up to meet the demands from overseas."

"Resistance in any form to the free movement of farm products must be reduced and eliminated, and the most efficient utilization of manpower must be introduced wherever possible."

The United States Shipping Board urges that this message be carried down through your great body of patriotic men whose vision can well embrace the crying need of their brothers in other lands for help."

UKRAINIANS PRAISE WILSON FOR VICTORY.

(BY A. P. NIGHT WIRE.)

NEW YORK, Nov. 13.—The thanks of the National Ukrainian Committee of the United States were conveyed to President Wilson in a telegram today "for the blessings bestowed upon mankind in general and the Ukrainian people in particular by means of the glorious victory just achieved."

The committee was organized, it was explained, "with the avowed intention of working for the domination in the Ukraine and to establish there an independent democracy based upon universal suffrage of all Ukrainians."

For Croup.

"Chamberlain's Cough Remedy is splendid for croup," writes Mrs. Edward Hassett, Frankfort, N. Y. "My children have been quickly relieved of attacks of this dreadful complaint by its use." This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult.—[Ad.]

TO RELIEVE WORKERS.

Some men will be induced to release men who are imperatively needed at home in the work of reconstruction. No more men from the present will be sent to the camps and it is probable that, aside from handling the cases before them, the draft boards will have little to do.

Men who have received questionnaires should fill them in and send to local draft boards at once, to comply with the law and prevent getting into the delinquent class. All new delinquents will remain in the rolls of the army and will be liable at all time to arrest.

All the slackers that got over into Mexico will be sent back to the United States. Neither Americans nor other nationalities can be proper credit for the war effort. In the navy there will be no new induction or enlistment for the present and none of the men in the navy will be released. This applies to all volunteers and others in the service. Secretary Daniels says that with the new waters to be patrolled, the navy will need more men.

SOUTHLAND MEN IN CASUALTIES.

A golden star will sanctify the service flag that hangs in the home of Mrs. J. M. Brierley, 6216 South San Pedro street, for it marks the death of her son, Sgt. Frank Brierley, who was yesterday officially reported killed in action on the western front.

The soldier, who was before his enlistment, prominent in Boy Scout activities here, and had been employed for some time at No. 633 Central street. On joining the colors he was attached to the Third Hundred and Sixty-first Infantry.

Notice came yesterday that Sgt. Ralph F. Dunnage, formerly a salesman with the United States Rubber Company, was killed in action during the terrific fighting that took place in the Forest of Argonne. He was 25 years old, and was in local business circles. On entering service he went with Co. C, Third Hundred and Sixty-fourth Infantry, with the Ninety-first Division, which saw active service at the front on July 1. He leaves relatives in Zion City, Ill.

James R. Bower, one of Pasadena's best-known young men, was the time he joined the colors, was killed in action September 26. It was his last day. He had been in the employ of the Union Tool Company of Torrance, although Pasadena, he states that he had been more than twenty years. He was 25 years old. He went into battle with the Third Hundred and Sixty-second Infantry, probably at Argonne, and was killed in action in the front line. He was 25 years old. It was the opinion among the steamship officials that the time for resumption of pre-war steamship travel on any extensive scale was a long way off.

TAKE SHOT IN ARM, CITY PLEA.

Everybody Get Vaccinated,
Dr. Powers's Advice.

Names Three Places Where
Operation Is Free.

Rain will Help Rid City of
Flu, Doctors Think.

Every person in Los Angeles is urged by the Department of Health to take the opportunity of being vaccinated as an influenza preventive. Dr. L. M. Powers, health commissioner, said yesterday that this vaccination will be given free to all who apply to any of three places named as centers for the work.

The vaccine is the accepted Laury formula; the places are: City Department of Health, No. 119 Normal Hill Center, Fifth and Olive streets, hours, 9 o'clock a. m. to 12 noon.

Belle White Memorial Hospital, No. 212 North Boyle street; hours, 10 o'clock a. m. to 3:30 p. m. University of Southern California Clinic, Trinity and Washington streets; hours, 12 noon to 2:30 o'clock p. m.

GOOD SUPPLY ON HAND.
The health office has on hand sufficient vaccine to carry on the work of vaccination and Dr. Powers, who has charge, says the office is able to keep ahead of the demand by constant requisitions. Part of the vaccine was obtained from the University of California laboratory, and part locally. Only twelve hours is needed to get in a new supply.

According to Dr. Powers the vaccination has very little reaction, the principal effect being to make the arm a little sore. One is not made so ill as when immunized for typhoid and paratyphoid. He says that only about two out of 100 cases result in a person being ill at all.

TWO DAYS' REPORT.
Reports to the health office yesterday showed an increase in the number of new cases of influenza. This was accounted for by the fact that physicians were unable to report Monday, a holiday, and so had two days' reports to make. The average has been a little over 500 cases a day. On Sunday only nine cases were reported. Yesterday's reports showed 721 cases of influenza, forty-seven of influenza and pneumonia alone, a grand total of 768. The deaths, including pneumonia, reached fifty-five, of which seven were from pneumonia, twenty-one from influenza and pneumonia and twenty-seven from influenza.

It is believed by the health authorities that vaccination, together with the fact that the rain has cleared the air, will contribute greatly to ridding the city of influenza.

SAN FRANCISCO LIFTS BAN AGAINST THEATERS

STATE HEALTH BOARD REPORTS SHOW INCREASE IN INFLUENZA CASES.

(SPECIAL DISPATCH.)

SACRAMENTO, Nov. 12.—Reports reaching the State Board of Health from practically all sections of the State today indicate the influenza epidemic has increased during the past few days, San Francisco being an exception to the general rule. Cases reported today total 3168, 1229 direct and 1737 by mail. Oakland reported eighteen deaths, San Francisco thirty, and Sacramento fourteen.

THEATERS REOPEN SATURDAY.
(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Nov. 12.—The Board of Health determined at a meeting late today upon a partial re-

moval of the ban on public meetings and decreed that except in the Mission and North Beach districts theaters and nickelodeons may reopen Saturday afternoon, churches and Sunday-schools Sunday morning, and public and private schools Monday morning. Masks must still be worn, and all theater and churchgoers and school children must wear masks on the streets and in public places.

After the meeting it was stated that the Board of Health hopes to lift the mask decree within ten days.

The ill remains on as far as dances and dance halls are concerned. Seven new influenza cases were reported as having developed today, the health office stated. For the twenty-four-hour period ending at 5 p. m. the number of cases reported was sixty-six, and fifty-nine of these were said to have developed prior to today. There were twenty-nine deaths reported during the twenty-four-hour period.

The grand total of influenza cases since the outbreak of the epidemic was given as 23,200, and the deaths as 1702.

Dr. George E. Wright, president of the State Board of Health, announced tonight that local health officials throughout the State were to be advised they could apply to the board to have the theaters in their respective districts reopened if they believed conditions justified lifting the ban.

Reopening of theaters would be permitted, Dr. Wright said, if the board was convinced there was no further danger of a spread of the epidemic in the communities in which the theaters were located.

There are some places where the ban on theaters still must be enforced, he added. "In other places, however, it would be perfectly safe, in connection with precautionary measures, to permit them to reopen. This will depend upon the recommendations of the different local health officials."

ACTION RECALLS SOCIAL FLURRY.

(Continued from First Page.)

asked if it was not a Christmas gift to him.

"No, I never got that Christmas present," he replied.

In summing up, Mr. Whittemore told the court that from July, 1917, until July, 1918, Mr. Sabichi only gave his wife \$70, besides \$30 a month on the order of the criminal court.

"She did not have an income sufficient to live on," he said. "She had to pawn her jewelry and sell her furniture to get necessary aid and receive aid from other persons."

Mr. Willis contended that Mrs. Sabichi did not have legal cause to leave her husband, and hence she could not claim support from him. He admitted that the children would have to be supported. Judge York granted Mrs. Sabichi a decree of divorce, the custody of the children and alimony of \$50 a month. Mr. Sabichi will be allowed to see the children every Sunday from 9 o'clock a. m. until 6 o'clock p. m. This was his own demand. Mrs. Sabichi protested in vain, desiring a shorter visit.

RECEIVES WARRANTS TO INTERN FOUR MEN.

Presidential warrants of internment were received yesterday by United States Marshal Walton for the following prisoners, and they will be taken to Fort MacArthur this morning by Deputy United States Marshal William Kavanaugh:

Henry Hattau and Frank Parnos, alias Barton, taken into custody at San Diego; Fred Hahn, picked up at Oxnard, and Paul Karl Herman Heiple, arrested in Los Angeles. Officials of the Department of Justice arrested Richard Fred Schultze at Needles yesterday, on a Presidential warrant, and the accused will be brought to Los Angeles today.

BOOST FOR WAR FUND.

Relief Money for Germans is Divided Between it and Red Cross.

A substantial subscription to the United War Work fund was made yesterday by the committee that had charge of the fund raised some time ago for the Germanic widows and orphans, when Ambassador Gerard was making an appeal for them.

The subscription decided upon yesterday by the committee, of which Judge Walter F. Bordwell is the chairman, R. W. Burham, secretary, and E. G. Judah, treasurer, is \$10,000.

When the appeal was made for the Germanic widows and orphans, the response was general, and a fund of \$28,000 was raised. Three thousand dollars of this was sent to Ambassador Gerard, who forwarded it to a committee in Berlin. Just then diplomatic relations were severed, and the remainder of the fund was placed with a trust company in New York. Later, Ambassador Gerard returned the remaining \$25,000 to the committee in Los Angeles. It was invested in Third Liberty Loan Bonds, but at yesterday's meeting of the committee, it was decided that two-fifths of the fund, with accumulated interest, should be subscribed to the United War Work fund, and three-fifths of it will be subscribed to the next campaign for the American Red Cross.

MUST DOUBLE GIFTS.
The United War Work Campaign Committee yesterday, after making a study of the subscriptions, declared that the figures show they are so small and that the response is not over 50 per cent of what these subscriptions should be—being scarcely half the average made at the same point in the second Red Cross drive. The only solution, says the committee, is for individuals to greatly increase their subscriptions. Up to noon yesterday only \$285,000 had been subscribed—barely 40 per cent of the quota that must be

made up by Monday night. This subscription is from but 44,175 people of Los Angeles out of its more than 500,000 population.

Precinct district No. 26 is in the banner position, with subscriptions of \$6500; precinct No. 35 comes next with \$5800, and precinct No. 40 shows \$5700. The first "double-up" was made yesterday by Mr. and Mrs. Ben R. Meyer, who subscribed a second \$500.

The following additions were made to the 100 per cent honor list yesterday: State Board of Control, State Water Commission, State executive office, motor-vehicle department, Fidelity Mutual Life Insurance Company and the McCarthy-Meyers Company.

Mrs. Beth Curtis, chairman of the Hotel and Apartment-house Committee, reported yesterday that by the end of the week it is expected every hotel and apartment-house will be subscribed 100 per cent. With a subscription total of 94 per cent of its quota, El Segundo heads all communities in Los Angeles county for the United War Work campaign. This was the announced record yesterday by the chairman of the county organization, Hynes comes second with 77 per cent; San Dimas, third, with 63 per cent; and Vernon and Huntington Park following closely with 60 per cent.

CITY ATTORNEY MAY BE APPELLATE JUDGE.
HAS BEEN SUGGESTED TO GOVERNOR FOR ONE OF NEW PLACES ON BENCH.

City Attorney Albert Lee Stephens has been prominently mentioned for appointment to a position on the Appellate Court bench as one of the three new Appellate judges to be created here as a result of the constitutional amendment adopted at the election on the 5th inst.

This amendment gives Gov. Stephens authority to appoint six more judges of the Appellate Court—three new members for Los Angeles and three new ones for San Francisco. There also will be an appointment at Sacramento to fill a vacancy. The Appellate judges here at present are Presiding Judge Conroy and Judges James and Shaw.

"I am not inclined toward making a general campaign of the position, but I should not be frank if I did not admit that I am desirous and hopeful of receiving this high honor. I hope my friends who would like to see me appointed, whether they are so small and that the response will write to the Governor and make known their wishes."

"Judge Stephens," as he is familiarly known at the City Hall, is on the last lap of his third two-year term as City Attorney. He is a graduate of the University of Southern California law college, and was admitted to the bar in 1899.

FINLAYSON IN RACE.
Judge Frank G. Finlayson of the Superior Court is a candidate for a seat on the new Appellate bench. He wrote Gov. Stephens yesterday to this effect. He has the backing of prominent members of the bar. His letter to Gov. Stephens was as follows:

"His Excellency, the Governor of California, Sacramento, Cal.
"Dear Sir:

"A few of my closest personal friends—men of affairs in the business world as well as lawyers high in their professions—have kindly written to me in my behalf urging my appointment to one of the newly-created Appellate Court judgeships. This is a position to which I aspire and for appointment whereof I now respectfully submit my name, assuring you that should you, after canvassing the qualifications of all the candidates, honor me with an appointment, I shall enter upon the duties of the office with the keenest zest and interest, for it is work that appeals peculiarly to all my predilections.

"Respectfully,
"FRANK G. FINLAYSON."

WOMAN SLIPS; MAN'S CAUGHT.

Chief of Wilshire Burglar Gang Oddly Taken.

Fights Violently; Confesses; Leads Way to Loot.

Many Big "Jobs" Laid to Trio Under Arrest.

A woman who stumbled at Sixth and Broadway yesterday afternoon unwittingly betrayed to the police Leo Gotch, 21 years old, burglar, musician, possessor of a lengthy criminal record, and the leader of the trio of burglars who last Friday engaged in a gun battle with the South Pasadena police, which resulted in the shooting and capture of one of the bandits.

According to the officers who arrested him, Gotch has been leading James Harvey Delaney, and the latter's brother, Riley, Delaney, into fashionable Wilshire district homes for several weeks past, and is responsible for the theft of property valued at \$40,000.

Detectives Carl R. Williams, Charles Verand and H. F. McCarron were walking yesterday afternoon at Sixth street and Broadway when a woman actually advised them of the whereabouts of the trio.

A well-dressed young man assisted her to get a heavy .38 revolver from his hip pocket. Falling, he fought violently for some time before the officers could get him.

For several hours Gotch refused to talk, but when told that his two alleged confederates were already under arrest, he gave the officers information upon which they recovered more than \$1500 worth of silver toilet articles, silver jewelry, guns, kodaks and furs.

The first of the trio to be taken by the police was James Delaney, 24, who tried to sell stolen silver in a South Pasadena pawn shop last Friday. Under the alias of "Leo," he was arrested, but was covered by Gotch with an automatic pistol. Gotch with his gun in his abdomen, backed out of the store into the crowd and disappeared.

Delaney and his brother, Riley, leaped into an automobile. Officer Saylor fired, hitting James Delaney. Riley leaped from the car and escaped to escape by climbing a tree. He was captured and placed in the County Hospital.

Sunday afternoon, Riley Delaney was taken into custody by Detective Louis Egan and Carl R. Williams. In his possession were found Liberty Bonds totalling \$15,000. Through a partial confession he told the detectives that he and McCarron were enabled to turn over to L. Clark, of Pasadena, nine diamonds and a watch valued at \$1500.

The police say that the three men are responsible for the following burglaries:

October 10.—The burglary of the home of B. Bishop, No. 6109-D Astor place, in which rugs and jewelry valued at \$500 were taken.

October 25.—The home of J. R. Clark, No. 5411 Santa Monica boulevard, burglarized of \$1500 worth of platinum jewelry, fox fur, guns and silk clothing.

October 25.—The home of F. C. Hill, No. 201 South Coronado street, which was entered by three burglars, who stole silverware and jewels valued at \$700.

November 4.—The home of Mrs. Jessie Whitehead, No. 323 Van Ness avenue, entered by three young men in dark clothes and looted of silverware, jewelry and clothing valued at \$1100.

Some of the articles recovered by Detectives McCarron, Williams and Verand last night, are supposed to have come from some of the eight or nine Pasadena residences which were burglarized the first of October.

GIRLS! TRY IT! HAVETHICK, WAVY, BEAUTIFUL HAIR.

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely invest in a few cents in a bottle of Knowlton's Danderine at any drug store or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best money you ever spent.
